

## **MIFAB FREIGHT SHIPMENTS**

**All** Mifab products should be shipped using **Rate Class Code 50**, along with the description of **Plumbing Products or Plumbing Materials**. On the bill of lading, check the box for third party prepaid, and complete the bill to information.

**\*\*\* If the bill of lading class code is left blank, the freight carrier can charge the highest rate available. \*\*\***

### **LTL FREIGHT (LESS THAN TRUCK LOAD)**

Mifab has accounts with the following freight carriers: Federal Express, Old Dominion, R&L Carriers, UPS, and YRC. Each of these offer Mifab freight discounts on shipping. You should use the carrier that is prominent in your geographic area.

**\*\*\* You may use an independent carrier in your area for local shipments, as long as their rates are in line with the above carriers, and a rate sheet is provided to Mifab prior to usage. \*\*\***

### **FTL (FULL TRUCK LOAD), LARGE/HEAVY SHIPMENTS**

For shipments over **5,000 lbs or more than 8 skids**, you must obtain a rate quote from either **Old Dominion or UPS**:

**Call Old Dominion at 708-446-3414 and speak with Mike Murawski.** Inform Mike that you are calling to obtain a rate quote on behalf of Mifab. Provide him with the shipper and consignee zip codes, weight of the shipment, number of pallets and if pallets are stackable. You will then be given a quote number and shipment amount. **Reference this quote number on the bill of lading.**

**Call UPS at 800-333-7400 - Option 3, Option 1, Option 1**

**Before you call**, have the following information available:

Both zip codes, (shipper and consignee), Class Code 50 and weight of each pallet. You will be given a VPRC# that needs to be written on the BOL within the description field. Use **UPS account # 40814292** for the bill to information. The quote will be good for 5 business days.

## **SMALL PACKAGE / LETTER SHIPMENTS**

All shipments under 100 lbs are to be shipped using UPS Small Package. If your account has not been added to our Consolidated Plan, you will ship your packages via third party billing to **Mifab's account, 2086R3**.
